

2012 NCADD Annual Report

Each year NCADD publishes a report on its work and its concerns throughout the country. 2012 was another exciting year for all of us and as an organization we continue to grow and expand the services we offer.

We thank all of our supporters for helping us achieve our mission of fighting the Nation's #1 health problem – alcoholism, drug addiction and the devastating consequences of alcohol and other drugs on individuals, families and communities.
