

NCADD Recommends: Recovery Comedy!

As September's National Recovery Month approaches, NCADD would like to recommend to its members and friends a great resource, Recovery Comedy!

Recovery Comedy! Provides a night out with professional recovering comedians who know what it's like to overcome an addiction and realize there is laughter after the pain.

Recovery Comedy! Believes that it's a time to hang out and celebrate the fact that you're around, making it, one day at a time.... or as we like to say, "One laugh at a time."

What is Recovery Comedy?

There are a whole lot of funny people out there who couldn't bring their gift of laughter to the stage until they started recovery. Now those very same funny alcoholics and funny addicts are sharing their stories and making audiences roll in the aisles laughing with their recovering comedy.

That's what Recovery Comedy is all about. Real Funny! Real Laughs! Real Life! When you them for your NA Convention, AA Convention, College or any other 12 Step Comedy Event they'll bring you hand picked, funny comics for recovery who will rock you with laughter!

For more information or to book a comedian at your next event, check out Recovery Comedy by [clicking here](#).
